

**Main Crane:**

Gusto-GLC-800-ED-around aft port leg

**Main hook:**

Long mode: 640t at 30m outreach (max height 120m at min radius)

Short mode: 800t at 26m outreach (max height 102m at min radius)

**Deck Cranes:**

2 cranes of type 20t SWL,  
27.1m max radius

1 knuckleboom crane  
7 tons SWL,  
35m max radius

**Draft:**

**Min draft:**

4.25m (+0.8 to spud can tip)

**Draft at max variable payload:**

5.6m at elevated 19.300t  
(+0.8 to spud can tip)

**Jacking system:**

Continuous hydraulic double acting system  
Effective jacking capacity per leg (t): 5,300  
All year survival water depth range: 7.5-55m

**Total height from deck:**

114.3m

**Legs:**

Number & type: 4 cylindrical

Diameter: 4.5m

Length: 92.4m

**Accommodation and facilities:**

80 persons in 56 cabins

**Hull breadth mid:** 39m

**Cargo capacity:**

Payload: 7,600t

Deck area: 3,200m<sup>2</sup>

**Hull length:** 132m

**Max leg length below hull:** 70.5m
